

DIERTJES UIT DE TUIN Learning Resources[®] counters backyard bugs

Deze mooie insecten hebben veel mogelijkheden. Gebruik ze in de tuff tray tijdens vrij spel, combineer ze met Coblo blokken of als aanvulling in de bouwhoek.

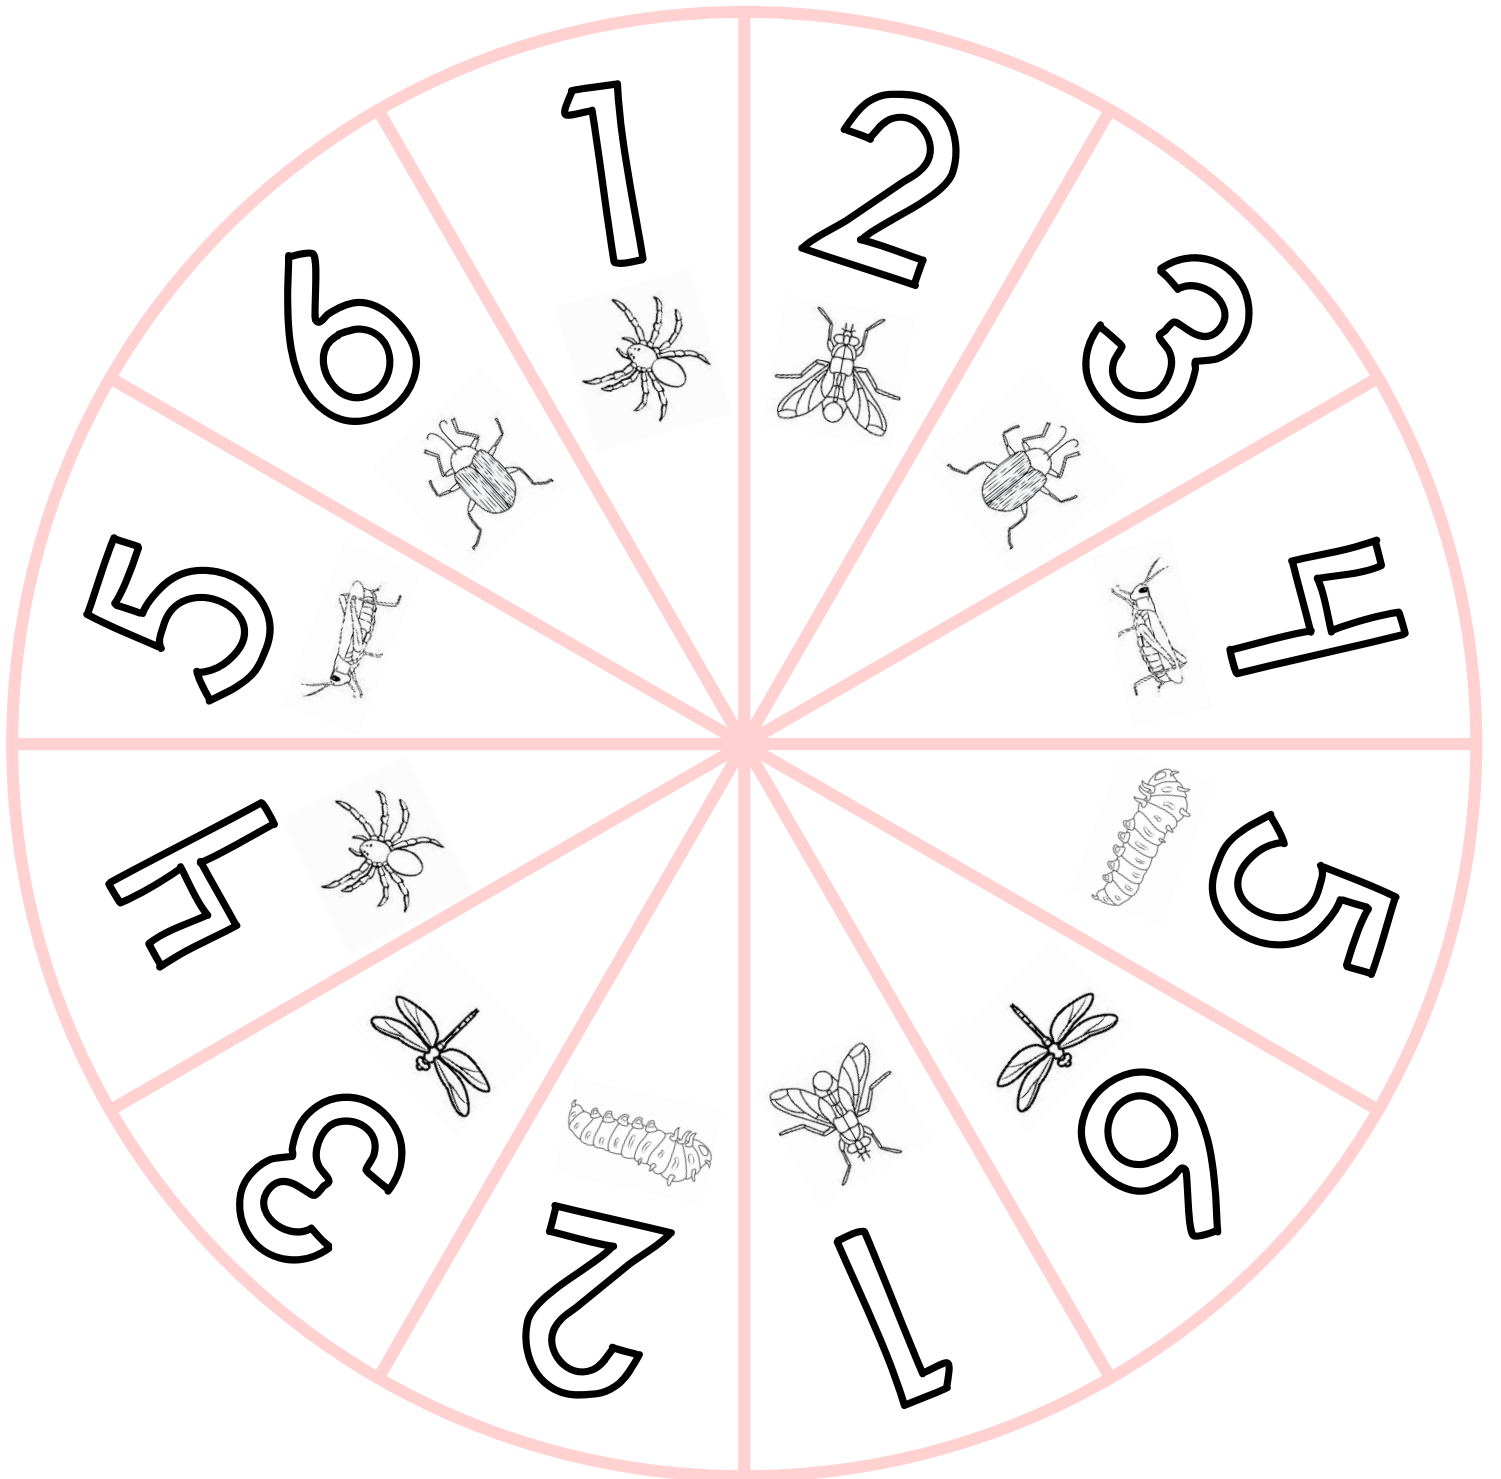

Wil je er iets gericht mee aan de slag, bijvoorbeeld tijdens de spelinloop? Ik maakte deze spellen:

- Bingo: tellen en kleuren. Vul het insectenhotel
- Knijpkaart: zet steeds een aantal insecten op een rij en laat de kinderen de ogen sluiten: welke kleur is verdwenen? Laat het zien met je knijpkaart
- Patroonkaartjes, aanvulling: maak je eigen patroonkaart
- Rol en tel: verzamel alle insecten of verzamel alle kleuren
